

Master of Science Biology: Teaching

Program Description:

The MS Biology Teaching program at Central Washington University provides engaging, **hands-on experiences** and research-supported **best-practices** to maximize learning. Our goal is to develop teacher-scholars who wish to take K-12 student learning to the next level. Our intensive program is designed to **increase your knowledge and skill**, professional development, and **earning potential** while minimizing time out of your summer.

Program Benefits:

- Develop advanced content knowledge and skills that **enhance teaching performance**, **improve student learning**, and **advance your career**.
- Achieve an advanced degree in three years with a program that accommodates your busy schedule.
- All students (resident/non-resident) pay the same in-state tuition rate during the summer.
- Work closely with expert CWU faculty members committed to providing experiences that **address your needs**.
- Choose courses that interest you. Courses may be taken to meet program requirements or enrichment/continuing education for maintaining licensure.
- Learn to **integrate** life, physical, and Earth sciences via targeted interdisciplinary study.
- Experience a wide variety of topics, from cell and molecular biology to field ecology.
- Comfortable on-site housing is available for all students in the program.

How to Apply:

New student cohorts are accepted every year. Program slots are limited so apply early. The 2009 cohort begins June 22, 2009 and runs through July 31, 2009. Schedules for 2010 and 2011 will use a similar timeframe.

Go to www.applyweb.com/apply/cwu. Applications must include scores from a certification exam (e.g. WEST-E or state equivalent), other end-of-program content exams (e.g. Major Field Test), or GRE.

Contact Information:

Please contact Dr. Ian Quitadamo with any questions about the MS Biology Teaching program by e-mail at iq@cwu.edu or by phone at 509-963-2745.
